

# 2025/2026 SPONSORSHIP INFORMATION PACKAGE

Gryphon Racing Formula SAE  
50 Stone Road East, Guelph, Ontario N1G 2W1

# About Us

Gryphon Racing is a Formula SAE racing team from the University of Guelph, in Ontario. We are proud to be embarking on our 26th season of FSAE racing, and we're eager to establish new partnerships.

Gryphon Racing is managed and operated by students at the University of Guelph. Our members are independent, resourceful, and highly self-motivated. Team members have gone on to work at companies such as Tesla, Toyota, General Dynamics and NordSpace. Our next alumni could be working with you!

We believe your company would be a perfect fit for our team and we are very interested in working together.

# Notable Milestones

**2003** was the first year of competition for Gryphon Racing. We placed 47/123th overall at FSAE Michigan outperforming several prestigious universities such as MIT and Duke University

In **2004** we built the first 4-Wheel Drive FSAE car and placed 17/134th overall at FSAE Michigan beating out several prestigious universities such as MIT, UofT and ETS

**2019** was the last time that Gryphon Racing competed with an Internal Combustion FSAE car. We placed 72/129 overall at FSAE Michigan

# 2026 Racing Season

**Gryphon Racing is currently developing the GRC26 which will be competing in events by summer 2026.**

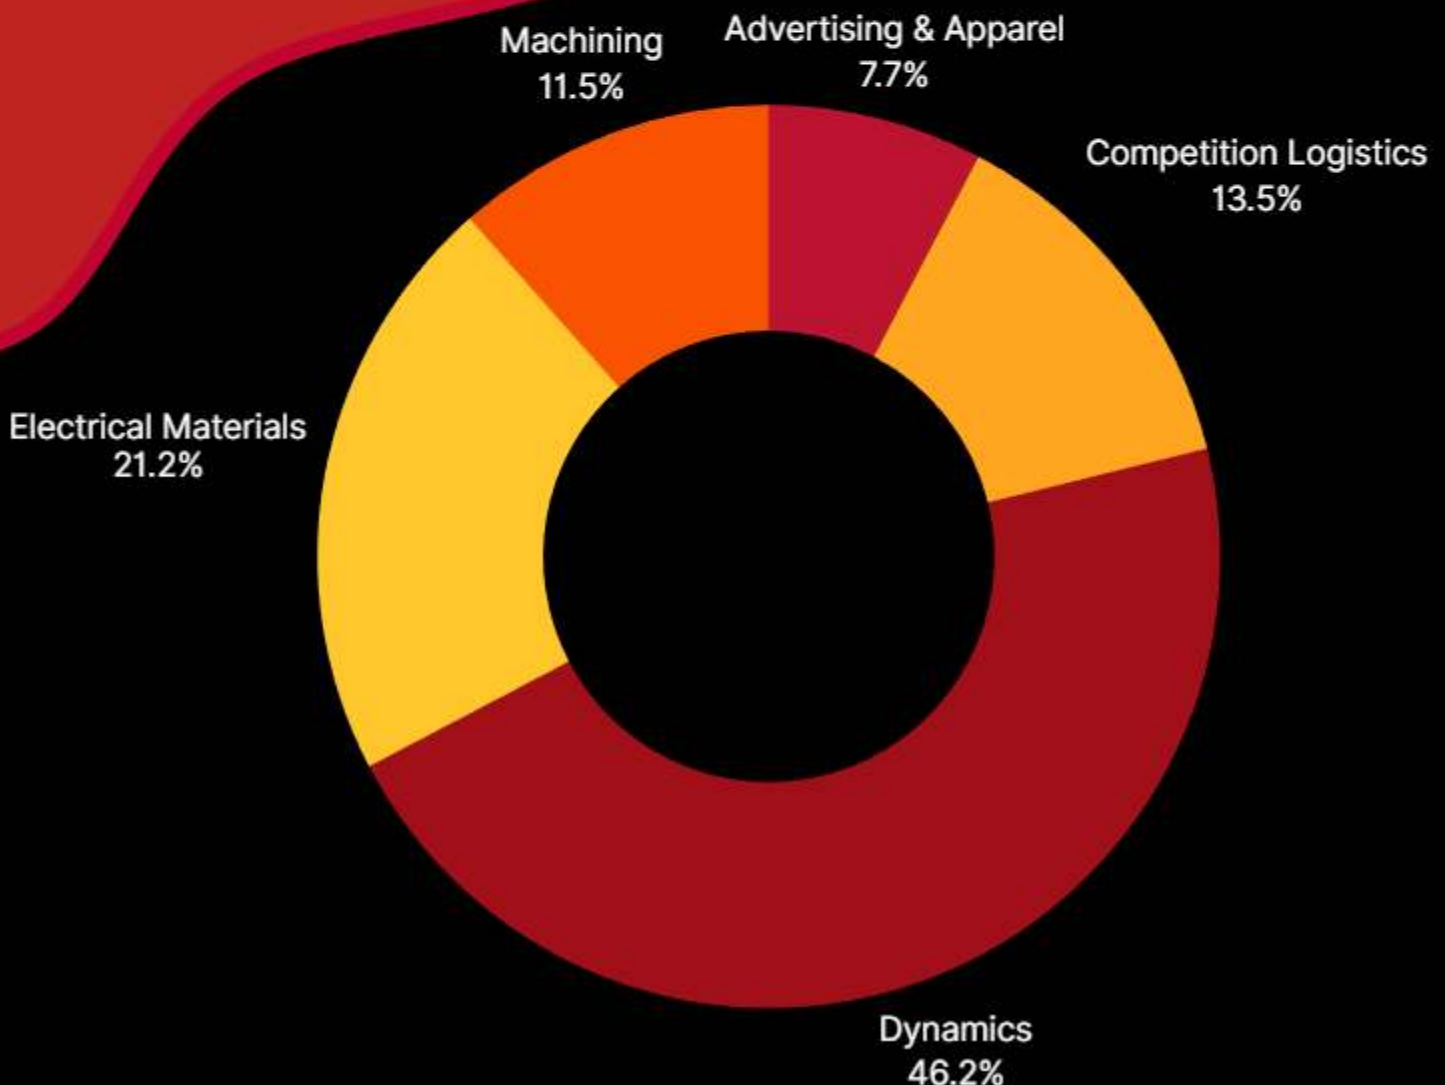

This year, Gryphon Racing will be competing in the Internal Combustion competition category, powered by a 4-cylinder Honda CBR600RR engine. The team is excited to take on the new challenges of an IC powertrain and continue to apply our creativity and technical expertise in designing, building, and testing a competitive race car.

**With a strong focus on innovation, teamwork, and hands-on engineering experience, we aim to proudly represent the University of Guelph on the international Formula SAE stage.**

# Our Budget

The University of Guelph provides us partial funding through various programs. While they provide a substantial amount, it is well below the average for an FSAE team. We would not be able to operate on a competitive level without help from our sponsors.

# Why sponsor us?

## Publicity

Gryphon Racing attends FSAE events across Canada and the U.S. every year, which gives your business an opportunity to connect with potential customers and industry partners.

It is crucial for Gryphon Racing to acknowledge the significant support we receive from our partners. Your logo can be displayed across several mediums, including our car, teamwear, website and trailer. You also get the opportunity to market yourselves via sponsored posts on our social media and access team events.

## Access to Talent

Your company will get the opportunity to recruit the talent directly from our team, and we will advertise any open positions internally to our team members.

Former team members have been recruited by sponsors such as Denso, Musashi, and Tigercat. A large number of our team members choose to spend their co-op terms working for our sponsors, gaining real-life experience and building better relationships for the future.

# We Need Your Support

While the University provides us with shop space to build our racecar, we rely on fundraising from corporate sponsors and individual donors to fund all of our activities. We welcome both cash and in-kind materials or equipment donations.

Interested in sponsoring Gryphon Racing? Please see the sponsor benefits below and reach out to us at [ugracing@uoguelph.ca](mailto:ugracing@uoguelph.ca)

The sponsorship tiers listed above should only be used as a general guideline and can be negotiated accordingly to your needs. All additional or alternative benefits shall be agreed upon in writing between Gryphon Racing and the sponsoring entity. We appreciate all forms of sponsorship. All money or in kind donations will be evaluated and sorted into the appropriate category.

# Thank You

We hope that this sponsorship package has provided valuable insight into the team and our goals for the 2025-2026 season. If you would like more information or simply want to follow our progress, please follow us on our media platforms or contact us with the resources below.

Whether you want to sponsor us or just want to find out more about who we are and what we do, we look forward to hearing from you.
